

StepperBase.h

```
graph TD; A[StepperBase.h] --> B[blitz/array.h]; A --> C[NTL/RR.h]
```

A diagram showing a header file StepperBase.h at the top, which includes two other header files: blitz/array.h and NTL/RR.h. The StepperBase.h box is shaded gray, while the other two are white. Arrows point from StepperBase.h to each of the included files.

blitz/array.h

NTL/RR.h
